EDITORIAL

The tall windows under the Rose Window in the south transept of Chartres Cathedral show the four major prophets of the Hebrew Bible (Isaiah, Jeremiah, Ezekiel, and Daniel) as gigantic figures, and the four New Testament evangelists (Matthew, Mark, Luke, and John) as ordinary-size people sitting on their shoulders. The evangelists, though smaller, “see more” than the huge prophets (since they saw the Messiah about whom the prophets spoke). This imagery is one illustration of the sentence attributed frequently to Sir Isaac Newton, “If I have seen further it is by standing on the shoulders of Giants.”

This issue of Caring Connections recognizes some of the giants in Lutheran Ministries of Chaplaincy, Pastoral Counseling and Clinical Education, specifically those who have received the Christus in Mundo award at Zion Conferences every three years since 1992. Each had achieved sufficient accomplishment in their field of ministry to earn recognition from peers and colleagues as people who exemplify what the unique ministries of chaplaincy, pastoral counseling and clinical education are meant to be. Some of those who have been honored might well be the giants on whose shoulders you have stood, and thereby have “seen further,” developing your own unique style of ministry.

Don and I hope you will enjoy reading these brief biographical vignettes. As you read them, you might find yourself wanting to add in additional information about one or another of the recipients. Because ours is an electronic magazine, we can treat it in a manner similar to Wikipedia—inserting information when it is submitted to us for review and inclusion. Photographs of those not pictured will also be accepted for inclusion. Send material to either Chuck Weinrich or Don Stiger, and we’ll make the appropriate arrangements.

We want to express our gratitude to Bryn Carlson in particular for the extensive work he did in collecting and collating the information provided on the majority of these recipients. We hope you will be inspired as you read about these people, as well as encouraged and motivated to continue investing your energy, passion and wisdom in the ministry to which God has called you. Perhaps you, too, can be regarded as a “giant” on whose shoulders others will be able to see further and accomplish greater ministry!

Dorothy Prybylski has written a brief introduction and personal reflection about how the Christus in Mundo award was developed, and that article precedes the vignettes on each of the recipients.

Our original intent had been to include in this issue, along with the vignettes on the Christus in Mundo award recipients, a history of Lutheran pastoral care. However, that history has developed into a lengthy and rich recounting of the part specialized ministries have played in the history of the Lutheran churches in the United States over the last 100 years. As a result, we decided to make the history of Lutheran pastoral care into a separate issue—2015, #2—scheduled to be put on line in mid-June. Look for that issue, again largely developed by Bryn Carlson, with additional help from Joel Hempel and Don Stiger.

First Lutheran Church-Missouri Synod (LCMS) Specialized Pastoral Ministry (SPM) Call

At its September, 2014 meeting, the LCMS Board for National Mission (BNM) extended its first call to Chaplain Steven Sutterer, Staff Chaplain, Sparrow Hospital, Lansing, Michigan.

The initiative to make BNM calls available began with Rev. John Fale, Religious Endorser and Associate Executive Director for Mercy Operations, who submitted a resolution to the Synodical Convention in 2007. After a number of setbacks, the Synod in its 2013 convention approved the extension of divine calls out of the BNM (similar to calls issued to missionaries by the Board for International Mission).

Multiple criteria need to be met before qualifying for a call. But for many colleagues, the challenging process will be worth the effort because for many years they have served in various ministries without a call. “Too often lone chaplains and pastoral counselors can feel overlooked by their church body and underappreciated,” says Rev. Joel Hempel, Interim Director for LCMS Specialized Pastoral Ministry.

Needless to say, Fale is pleased that this day has finally come! “This is a wonderful acknowledgement of the rich and long history of Specialized Pastoral Ministry as an integral ministry of the LCMS,” Fale shared with the Reporter in its October 2014 print edition.

The window of opportunity is now wide open and will remain open to those who are engaged in full time SPM, are ecclesiastically endorsed, and are ready to begin the call process. For more information and guidance on how to proceed, go to www.lcms.org/spm where the reader will find a link to the Step-by-Step Process.

As always, if you haven’t already done so, we hope you will subscribe online to Caring Connections. Remember, subscription is free! By subscribing, you assure that you will receive prompt notification when each issue of the journal appears on the Caring Connections website. This also helps the editors and the editorial board to get a sense of how much interest is being generated by each issue. We are delighted that the numbers of those who check in is increasing with each new issue. You can subscribe by clicking on the subscription link on www.caringconnectionsonline.org.

Finally, when the Inter Lutheran Coordinating Committee disbanded a few years ago, the money from the “Give Something Back” Scholarship Fund was divided between the ELCA and the LCMS. The ELCA has retained the name “Give Something Back” for their fund, and the LCMS calls theirs “The SPM Scholarship Endowment Fund.” These endowments make a limited number of financial awards available to individuals seeking ecclesiastical endorsement and certification/credentialing in ministries of chaplaincy, pastoral counseling, and clinical education.
Applicants must:

- Have completed one [1] unit of CPE.
- Be rostered or eligible for active roster status in the ELCA or the LCMS.
- Not already be receiving funds from either the ELCA or LCMS national offices.
- Submit an application, along with a financial data form, for committee review.

Applicants must complete the Scholarship Application forms that are available from Judy Simonson [ELCA] or Joel Hempel [LCMS]. Consideration is given to scholarship requests after each application deadline, August 15 and February 15. Email items to Judith Simonson at jjsimonson@pennwoods.net and to Joel Hempel at Joel.Hempel@lcms.org.

I might add that I personally have included this Scholarship Fund as a beneficiary in my will. Might those of you who have benefited from this fund before—or are just concerned that people get financial support in their efforts to join the ranks of endorsed and certified chaplains, pastoral counselors, or clinical educators—consider doing the same? If you are interested in contributing to the “Give Something Back” fund, contact either Judy or John, at their email addresses above, for information on how to make those donations.

CHRISTUS IN MUNDO AWARD

Dorothy Prybylski has written some reflections about the history of the Christus in Mundo awards:

“The Christus in Mundo award was first given in 1992, at Zion VIII in Mundelein, IL. The award was a project of the Inter-Lutheran Coordinating Committee (which also had oversight of the endorsement standards and process. It was 1/3 of a proposed recognition process that was intended to acknowledge

• Endorsement (that is when we started sending certificates)
• Years of service (which never materialized – mostly due to lack of good office records)
• Recognition of outstanding service – the Christus in Mundo award.

“The name came from my daughter’s high school Latin teacher. When I spoke with him about what the award was to convey, he pronounced this name. It means, literally, ‘Christ in the world’ (not into the world, which would require Mundum (if I remember my Latin correctly). It reflects our incarnated representation of Christ’s ongoing care in the world. The committee loved the name, commissioned the drawing, and arranged for the casting of the medal.

“The first 3 recipients represented one from each of the predecessor Lutheran church bodies: Fritz Norstad—ALC, Granger Westberg—LCA, Ed Mahnke—LCMS. I will never forget that banquet…to sit at the feet of those giants. Fritz said, “You are the ones who are blessed, because you still have the privilege of sitting at the bedside.” When he died, the family commissioned an artist to pencil a sketch of him, with the medallion around his neck, for his funeral bulletin. Ed wore his medallion on the airplane all the way home.”

We thank Dorothy for these reflections. We can also imagine that other recipients have stories to tell about having received the award. When you see them, ask them to share their stories!
