Over the past year, the Lutheran Services in America network has come together like never before to expand our reach and strengthen the strong bonds we share.

What were once bright possibilities are now becoming promising realities. Our journey toward our shared vision is well underway, with a course that LSA has charted with the support of our members, the two national church bodies, generous donors, tireless supporters and dedicated advocates.

We have made great strides in our strategic plan. From launching new networks to aligning with national foundations, we are:

- Bringing people, resources and expertise together.
- Serving as a recognized and visible network and voice for Lutheran Social Ministry.
- Strengthening faith-based connections to remain a strong and trusted community of faith.
- Implementing a sustainable business model for the LSA network to continue to thrive.

Our focus is clear. We serve our members, the 300 Lutheran social ministry organizations that touch the lives of 1 in 50 people in the U.S. each year. We will continue on our shared journey, guided by our call to serve, to champion and strengthen Lutheran social ministry.

We continue to look to our greatest resources – our members and supporters – to work with us to transform even more lives and communities. Join us in renewing our mission and bringing our vision to life.

Blessings,

In December 2014, President Obama signed the Achieving a Better Life Experience (ABLE) Act into law, enabling people with disabilities and their loved ones to save their own money for long-term services and support expenses. LSA-Disability Network (LSA-DN) members were a force behind the passage of this groundbreaking legislation, working together with a united Lutheran message to support legislation that will have a transformative effect.
